## Summary

Graduating software engineering and graphic designer specializing in web development using ReactJS. Seeking a challenging role in web development to apply technical skills and creativity to solve complex problems.

## Education

BS in Software Engineering, Islamia University of Bahawalpur, Expected Graduation: 2024

## Technical Skills

- Proficient in ReactJS, HTML, CSS, JS, and related web technologies (2+ years).
- Familiarity with NextJS, python, Sql(Oracle), .Net, and Git.
- Proficient in Adobe Illustrator for vector graphics design and digital illustration.
- Skilled in Adobe Photoshop for photo editing, manipulation, and digital artwork.
- Familiar with Figma for UI/UX design and prototyping.

## Projects

YouTube Clone - Developed a web application using ReactJS to clone the YouTube UI.

- Implemented responsive design and used React Router for navigation.
- Used Material UI and Tailwind for the styling and designing.

Weather app: Developed a weather app using ReactJS to display current weather conditions and forecasts for different locations.

- Utilized APIs to fetch weather data and displayed it using responsive design techniques.
- Used TailwindCSS to style the app and make it visually appealing.

## **Experience**

Core Team Member - Google Developer Student Clubs, Islamia University of Bahawalpur [2021-2022]

- Organized tech events and workshops for students.
- Mentored students and provided guidance on software development projects.

Student Ambassador - Intel's oneAPI [April 2023 - Present]

- Promote oneAPI and provide technical assistance to students and developers.
- Organize hackathons and other technical events.

Hack Club Lead - Islamia University of Bahawalpur [2022 - Present]

- Manage the club and organize events and workshops for students.
- Mentor students and provide guidance on software development projects.

## **Volunteer Experience**

Volunteer - Solution Fest [2022]

- Worked with a national-level student-run event aimed at solving challenges related to Google products.
- Assisted in organizing the event and provided technical assistance to participants.
